Description:

Tells the complete life story of the American poet, radical communist, and atheist--until her conversion to Christianity in the late 1940s--who was briefly married to British author C.S. Lewis.

If one enjoys becoming familiar with all aspects of the life of C.S. Lewis, or wanting to know more about his wife Joy...then this book is one that you would enjoy reading. It captured me from the start and brought me into Joy's life as she grew up both in an intellectual way and finally in a spiritual way. Her well read, sharp and insightful mind is one that was hard to contend with as C.S. Lewis had to admit. She was a devoted communist, a devout atheist until God came in. This book will, and I promise you, keep you glued to the pages like a beloved old movie...perhaps even more so. This woman is the one that captured Lewis' heart so much that as she lay there dying, he asked her to come to him, if that was permitted, when it was time for him to die. Her reply nearly brought tears to my eyes...(because I am a man, and men do not cry...well almost never). You will not regret taking the time to read her biography, I highly recommend this book to every Christian and non-Christian alike. God bless you Joy, your life is an inspiration to those of us who took the time to get to know you through books like this, I'll see you on the other side, Brother Albert
